**NextFoods** is the new venture of Steve Demos, natural foods guru and the founder and former president of White Wave Inc., the largest producer of soy based products in the United States. Joining Steve is a seasoned team of mavericks who worked with him to launch Silk Soymilk into the stratosphere.

NextFoods is founded on the principles of Right Livelihood, which is a Buddhist teaching about how to earn one's daily bread out of doing work that is "right". It probably sounds a little strange but it simply means that we're out to do good—we want to provide you with the tools you need to feel better and enjoy vigorous good health. We've done the work for you, no trips to India necessary.

Over the past 15 years Swedish scientists have been busy studying the beneficial bacteria that reside in our bellies. Those studies have proven that the primary probiotic in GoodBelly-- Lp299v-- aids digestion and promotes your body's natural immunity.

GoodBelly is the fruit drink with probiotics and multi-vitamins that promotes healthy digestion and immunity. GoodBelly provides two strains of friendly bacteria: Lactobacillus plantarum 299v (Lp299v) and Bifidobacterium lactis (B. lactis).

Lp299v has been extensively researched for 15 years and has 16 clinical studies behind it. B. lactis has also been thoroughly documented. B. lactis and added to food and safely consumed for over 20 years.

GoodBelly contains antioxidants, vital minerals, and 100% of the RDA of 11 essential vitamins. It contains NO dairy, soy or wheat and comes in an easy to use 2.7 oz serving you can quickly sip as you dash out the door. It's one of the easiest ways you can take control of your health. GoodBelly is active daily nutrition.
